تنبيه

هذا الفيديو يحتوى على بعض الاخبار والتعليقات قد يكون لها تأثير سلبي لدى البعض مثل الشعور بخوف او اكتئاب من بعض الاخبار او تعليقات المتكلم.
Viewers discretion is advised فان كنت من هذه النوعية التي تكتب بسهولة فلا تحتاج ان تشاهده اصلا واقفل الفيديو الان.

هدف هذه الخدمة

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذارى انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترّب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترّب لكيلا يقال عني كاذب وانشّر اشاعات او اخيف البعض ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

السيد المسيح قال بعض العلامات مثل

انجيل لوقا أصحاح 21

10 ثُمَّ قَالَ لَهُمْ: «تَقُومُ أُمَّةٌ عَلَى أُمَّةٍ وَمَمْلَكَةٌ
عَلَى مَمْلَكَةٍ، 11 وَتَكُونُ زَلَزِلُ عَظِيمَةٌ فِي
أَمَاكِنَ، وَمَجَاعَاتٌ وَأُوبَّةٌ. وَتَكُونُ مَخَاوِفُ
وَعَلَامَاتٌ عَظِيمَةٌ مِنَ السَّمَاءِ.....

وَتَكُونُ عَلَامَاتٌ فِي الشَّمْسِ وَالْقَمَرِ وَالنُّجُومِ،
وَعَلَى الْأَرْضِ كَرْبُ أُمَمٍ بِحَيْرَةٍ. الْبَحْرُ
وَالْأَمْوَاجُ تَضِجُ، 26 وَالنَّاسُ يُغْشَى عَلَيْهِمْ مِنْ
خَوْفٍ وَانْتِظَارٍ مَا يَأْتِي عَلَى الْمَسْكُونَةِ، لِأَنَّ
قُوَّاتِ السَّمَاوَاتِ تَتَزَعَزَعُ. 27 وَحِينَئِذٍ
يُبْصِرُونَ ابْنَ الْإِنْسَانِ آتِيًا فِي سَحَابَةٍ بِقُوَّةٍ
وَمَجْدٍ كَثِيرٍ.

السيد المسيح قال بعض العلامات مثل

سفر اعمال الرسل اصحاح 2

19 وَأُعْطِيَ عَجَائِبَ فِي السَّمَاءِ مِنْ فَوْقُ وَآيَاتٍ عَلَى الْأَرْضِ مِنْ أَسْفَلُ: دَمًا وَنَارًا وَبُخَارَ دُخَانٍ.

20 تَتَحَوَّلُ الشَّمْسُ إِلَى ظُلْمَةٍ وَالْقَمَرُ إِلَى دَمٍ، قَبْلَ أَنْ يَجِيءَ يَوْمُ الرَّبِّ الْعَظِيمِ الشَّهِيرِ.

21 وَيَكُونُ كُلُّ مَنْ يَدْعُو بِاسْمِ الرَّبِّ يَخْلُصُ.

لماذا قال السيد المسيح بعض العلامات؟

أولا لكي لا نرتاع

انجيل متى 24 : 6

وَسَوْفَ تَسْمَعُونَ بِحُرُوبٍ وَأَخْبَارِ حُرُوبٍ.
أَنْظُرُوا، لَا تَرْتَاعُوا. لِأَنَّهُ لَا بُدَّ أَنْ تَكُونَ هَذِهِ
كُلُّهَا، وَلَكِنْ لَيْسَ الْمُنْتَهَى بَعْدُ.

لماذا قال السيد المسيح بعض العلامات؟

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى
مَتَى كَانَ تُؤْمِنُونَ.

لماذا قال السيد المسيح بعض العلامات؟

ثالثا لنتنبه ونستعد

انجيل لوقا 21: 28

وَمَتَّى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا
وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.

وَالنُّجُومُ تَسْقُطُ مِنَ السَّمَاءِ، وَقُوَّاتُ
السَّمَاوَاتِ تَتَزَعَّزَعُ.....

متى 24 : 29

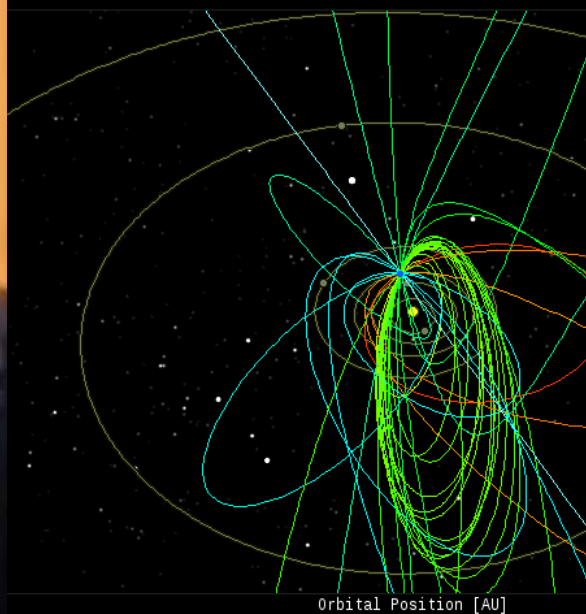

وَنُجُومُ السَّمَاءِ سَقَطَتْ إِلَى الْأَرْضِ...

رؤيا 6 : 13

وَتَكُونُ مَخَاوِفٌ وَعَلَامَاتٌ عَظِيمَةٌ مِنَ
السَّمَاءِ..... وَتَكُونُ عَلَامَاتٌ فِي الشَّمْسِ
وَالْقَمَرِ وَالنُّجُومِ..... لِأَنَّ قُوَّاتِ
السَّمَاوَاتِ تَتَزَعَّزَعُ...

لوقا 21 : 11 - 26

A large glowing spiral appeared in the night sky over parts of Western Europe on March 24, 2025, following the launch of SpaceX's Falcon 9 rocket for the NROL-69 mission. The phenomenon, which captivated observers across the continent, was caused by frozen exhaust released from the rocket's second stage during its deorbit burn.

Residents along Detroit's Rouge River say dead fish washing ashore is common

By Dave Spencer and Brendan Vrabel | Published April 1, 2025 11:27pm EDT | Detroit | FOX 2 Detroit |

Something fishy is happening along the Rouge River

The sight is alarming, but neighbors and the Michigan Department of Natural Resources say it's actually an annual occurrence. The few living along a section of the Rouge River, like Calvin Pearson, knew why FOX 2 was poking around the area, and it didn't take long to confirm what they already knew.

Thane: Thousands of dead fish were seen washed ashore at a lake in Kudan village, Palghar on Sunday morning. The villagers were puzzled due to the sudden death of the entire lot of fish in the lake as there are no industrial units around negating the possibility of water contamination due to disposal of chemical waste. One of the passersby witnessed this on Sunday morning and alerted the entire village. The villagers then

alerted the officials of Maharashtra Pollution Control Board (MPCB) who visited the spot. One of the

The State of the Birds on Cape Cod

Shorebirds and saltmarsh sparrows are among those at a tipping point

BY WILLIAM VON HERFF · APR 2, 2025

WELLFLEET — A new report on research by leading bird conservation scientists, published by Cornell University, confirms that North American bird populations are continuing a steep decline.

The North American Bird Conservation Initiative's State of the Birds 2025 report, released on March 13, reinforces the conclusions of a 2019 study in *Science* that found there are **3 billion fewer** North American birds than there were in 1970. The NABCI report outlines a list of "tipping point" species whose populations have declined by 50 percent since 1970 and includes shorebirds that feed on Outer Cape Cod before their long migrations and other species that nest here as among those now threatened.

Researchers find avian influenza in New York bobcats

April 3, 2025

By Kristen Coppock Crossley, MA

News

Article

The study is unique in detecting the first flu-related death of a bobcat in the state and documenting the presence of antibodies to avian flu in this feline population.

Avian influenza was found in 16 bobcats last year, according to a newly published study. Widespread exposure to the infectious disease was found in live bobcats with these animals surviving and succumbing to the highly pathogenic avian influenza (HPAI) H5N1 strain.¹

The infected bobcats in New York state were part of a 2024 investigation of mammal wildlife with results published in the *Journal of Wildlife Diseases* in March 2025. The research—funded by the New York State Department of Environmental Conservation and the National Institute of Allergy and Infectious Diseases—underscores the importance of monitoring disease in wildlife and documents an increase of HPAI in mammals, according to the authors.¹

Photo: Photography by Adri

“While it’s notable and promising that some bobcats have survived exposure, a key takeaway is that these animals can and do die from infection,” Jennifer Bloodgood, DVM, PhD, MS, senior author, assistant professor of practice in the Department of Public and Ecosystem Health and wildlife veterinarian in the Cornell Wildlife Health Lab, both in the Cornell University College of Veterinary Medicine (CVM) in Ithaca, New York, said in a news release.¹ “Our research highlights the presence of avian influenza virus in wild bobcats, raising concerns about the potential impact on population health.”

NEWS UPDATES

April 1, 2025

The Texas Department of State Health Services is reporting an outbreak of measles in the South Plains and Panhandle regions of Texas. At this time, 422 cases have been identified since late January. Forty-two of the patients have been hospitalized.

There has been one fatality in a school-aged child who lived in the outbreak area. The child was not vaccinated and had no known underlying conditions.

Due to the highly contagious nature of this disease, additional cases are likely to occur in the outbreak area and the surrounding communities. DSHS is working with local health departments to investigate the outbreak.

Summary

The Centers for Disease Control and Prevention (CDC) is issuing this Health Alert Network (HAN) Health Update to provide additional information to healthcare providers, public health departments, and the public about the ongoing risk of dengue virus (DENV) infections and updates to testing recommendations in the United States. [Dengue activity remains high in some parts of the United States](#) and globally, with many countries reporting higher-than-usual number of [dengue cases](#) in 2024 and 2025. Healthcare providers, public health departments, and the public are urged to continue to take steps to prevent, detect, diagnose, and respond to dengue as described in the June 2024 [HAN Health Advisory \(CDCHAN-00511\)](#) on dengue in the United States. Updates include:

1. Dengue virus transmission remains high in the Americas region, including in the U.S. territories of Puerto Rico and the U.S. Virgin Islands. Spring and summer travel coincide with the peak season for dengue in many countries, increasing the risk of both travel-associated and locally acquired cases in the United States.

Ukraine continuing attacks on Russian energy facilities – MOD

Kiev has targeted energy facilities in Russia in violation of the US-brokered partial ceasefire, the military says

FILE PHOTO. © Sputnik / Sergey Baturin

The Ukrainian military has launched new attacks on Russia's energy facilities, despite claiming it complies with a US-brokered truce on such strikes, the Russian Defense Ministry said on Wednesday.

Two incidents have been registered in Russia's Kursk Region, where Ukrainian drones targeted a substation and damaged a power line in the area, the military said. The attacks inflicted material damage and cut some 1,500 customers off the grid, it added.

"The Ukrainian Armed Forces are systematically launching strikes with drones and artillery systems on Russian energy infrastructure against the backdrop of statements by various representatives of the

Kiev regime, starting with [Vladimir] Zelensky, about compliance with restrictions on strikes on Russian energy facilities," the ministry said.

Ukraine cease-fire will send thousands of Russian troops to NATO borders, Baltic states warn

Story by Anthony Blair • 1h • 3 min read

A cease-fire in Ukraine will result in Russia re-deploying more than half of its frontline troops to NATO's borders, and will massively increase the security threat in the Baltic, defense ministers of the small former Soviet states warned.

Of the estimated 600,000 Russian troops believed to currently be in Ukraine, at least 300,000 of them would likely be sent to the borders of Estonia, Latvia, and Lithuania, senior politicians in those countries claimed.

Those states are the smallest NATO member states that border Russia, with a combined population of about 6 million people.

West European states want Russian assets to stay frozen

The EU should also apply more sanctions on Russia, the bloc's top diplomat has said

The EU's top diplomat, Kaja Kallas, speaks to the press in Madrid, Spain on March 31, 2025. © Getty Images / SOPA Images / LightRocket / Luis Soto

Russian assets frozen over the Ukraine conflict should remain immobilized until the hostilities are over, a group of EU nations and the UK said on Monday, calling for additional sanctions on Moscow.

The joint statement by the EU's top diplomat Kaja Kallas, and foreign ministers of Germany, France, Italy, Poland, Spain, and the UK, issued new threats against Russia and expressed readiness to *"apply further pressure [on Russia] using all tools available, including by adopting new sanctions."*

"We reiterate that Russia's assets should remain immobilized until Russia ceases its war of aggression against Ukraine and compensates it for the damage caused," the document reads, referring to the roughly \$300 billion in assets belonging to Russia's central bank that has been frozen by the West since 2022.

US won't leave NATO – Rubio

Washington is as active as ever in the military bloc, the secretary of state has said

US Secretary of State Marco Rubio has reassured NATO member states that Washington remains committed to the military bloc, while insisting that members must drastically increase spending on their militaries.

Rubio made the remarks at NATO's foreign ministers' meeting in Brussels on Thursday.

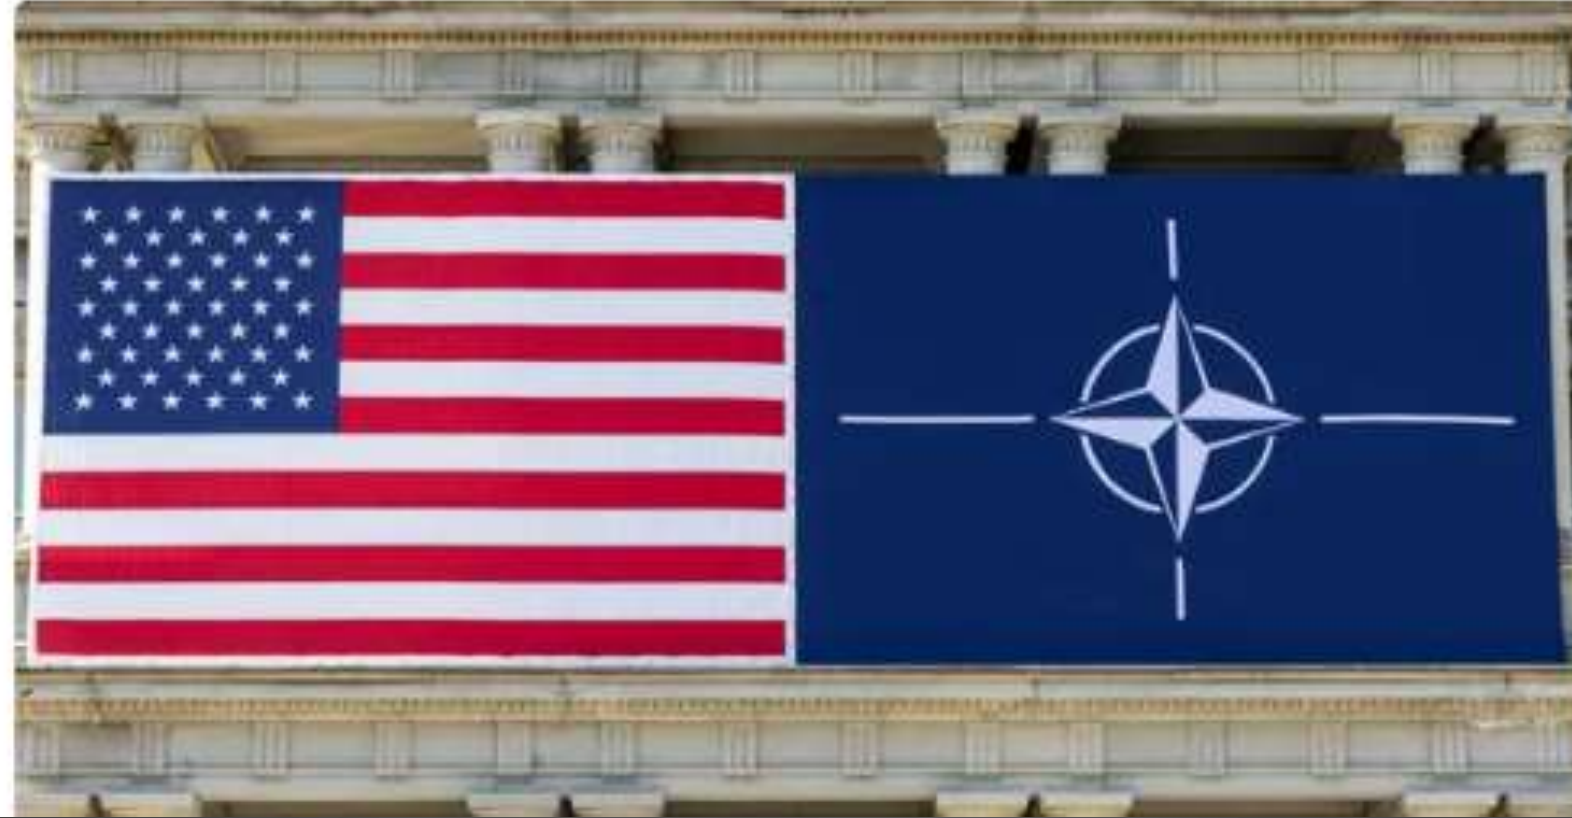

US President Donald Trump had previously threatened to leave NATO if bloc members failed to increase their military spending. He has called for a huge hike to 5% of gross domestic product (GDP) from the current 2% benchmark only reached by 23 of its 32 members in 2024.

KEY POINTS

- Russian President Vladimir Putin warned it would be foolish to dismiss U.S. President Donald Trump's push for control over Greenland.
- His comments, which were not critical of Trump's intentions, come as U.S. Vice President JD Vance prepares to lead a high-profile U.S. delegation to Greenland on Friday.
- Trump has repeatedly expressed his desire to gain control of the autonomous Danish territory, describing the prospect as an "absolute necessity" for purposes related to national security.

US embassy staff in China banned from dating locals – AP

American officials working in China have been reportedly subjected to a blanket “non-fraternization” policy

Washington has banned its diplomatic personnel in China, as well as their family members and contractors with security clearances, from engaging into any sort of “romantic and sexual relations” with Chinese citizens, AP reported on Thursday, citing four people with direct knowledge of the matter.

The policy was reportedly enacted by departing US Ambassador Nicholas Burns in January, days before US President Donald Trump took office. It expanded on a policy introduced last summer that prohibited staff at the US embassy and five consulates from engaging in intimate relations with Chinese guards and other supporting personnel.

Philippines' Alarming Role in Taiwan Conflict as China Intensifies Military Drills

The Philippines has issued a serious warning about its likely involvement in any conflict involving Taiwan. The country's military has stated that if Taiwan is invaded, the Philippines will "inevitably" be drawn into the crisis.

Philippines Prepares for Possible Taiwan Conflict

This declaration comes as China intensifies its military activities around Taiwan, launching large-scale naval and air drills that appear to simulate a blockade of the island.

The Philippine military has started making preparations, with high-ranking officials instructing troops to anticipate potential scenarios related to a Taiwan conflict. The northern part of the country, particularly the island of Luzon, is expected to play a crucial role due to its geographic proximity to Taiwan.

India retaliates after alleged ceasefire violation by Pakistan

The Indian army has claimed that its neighbours troops have opened fire “unprovoked” along the countries disputed border

FILE PHOTO. © Nasir Kachroo/NurPhoto via Getty Images

The Indian Army on Wednesday said it had “responded effectively” after Pakistani troops crossed the Line of Control (LoC), a disputed border between the two nuclear armed nations, violating A long-standing ceasefire.

According to an army official quoted by Indian Express, the Indian military response came after a mine explosion near the border as Pakistani forces were carrying out intrusion across the LoC. “This was followed by unprovoked firing and ceasefire violation by the Pakistani army. Indian troops responded effectively in a controlled and calibrated manner,” defence spokesperson Lt Col Suneel Bartwal said. He added that the situation is “under control and being closely monitored.”

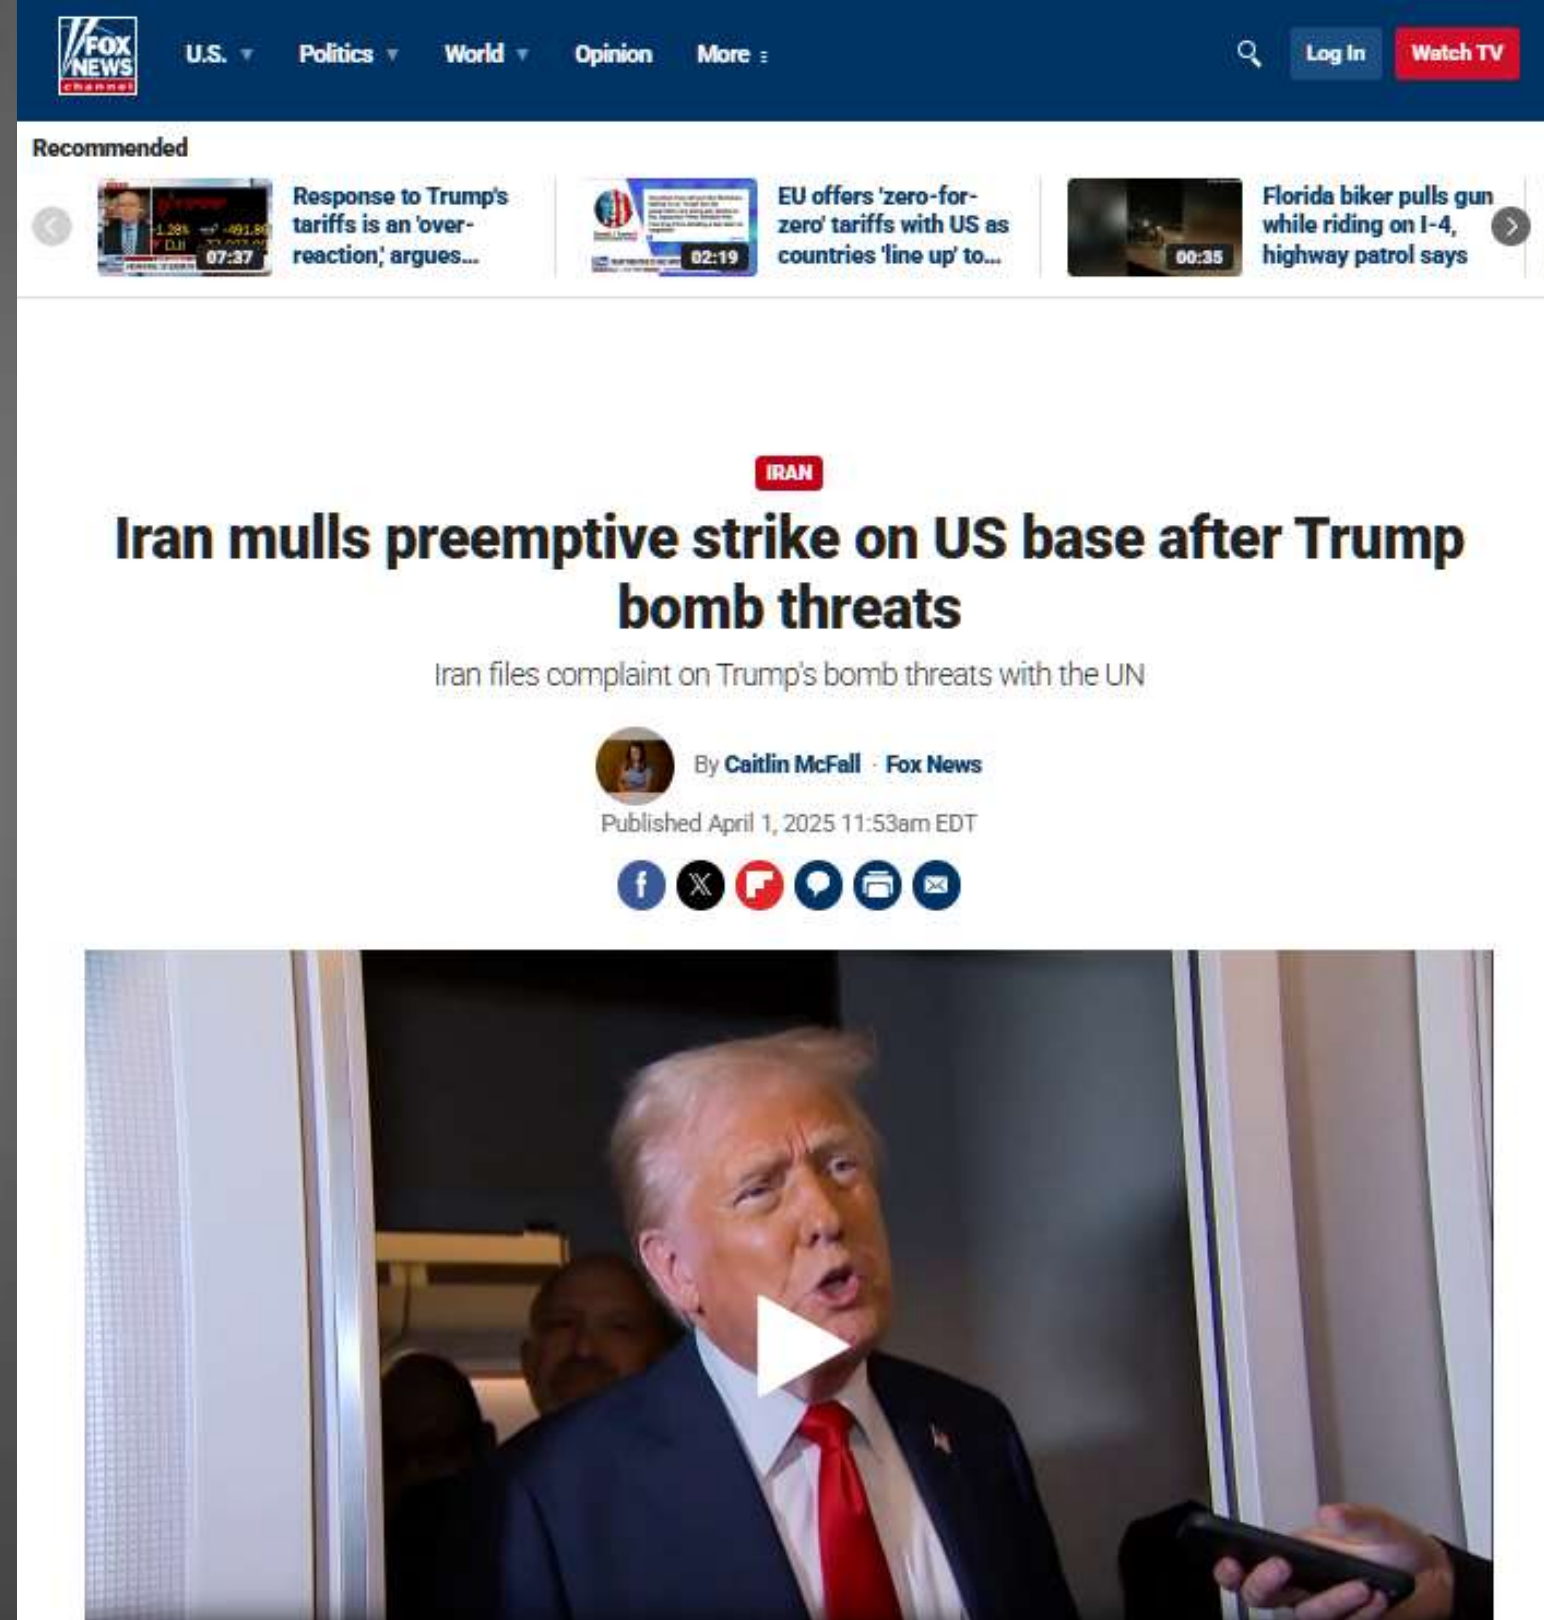

Indian media outlets also reported, citing sources, that several Pakistani soldiers had been killed in the retaliatory fire by Indian Troops.

Erdogan rival arrested days before becoming presidential candidate

Istanbul Mayor Ekrem Imamoglu has been detained on charges of corruption and alleged terror links, with his party calling it a “coup”

© Getty Images / Photo by Oliver Berg/picture alliance

Turkish authorities detained Istanbul Mayor Ekrem Imamoglu on Wednesday, accusing him of corruption and connections to terrorist organizations. The arrest comes just before the opposition Republican People's Party (CHP) was set to nominate him to challenge President Recep Tayyip Erdogan in the 2028 election.

Imamoglu, a leading figure in the CHP, gained prominence after winning the Istanbul mayoral election in 2019, ending over two decades of control by Erdogan's Justice and Development Party (AKP) in the city of 19 million. Recent opinion polls have indicated that Imamoglu could defeat Erdogan in a presidential vote.

On Wednesday morning, as authorities arrived to detain him, Imamoglu shared a video on X declaring, “*We are facing great tyranny, but I want you to know that I will not be discouraged.*”

Robot dog learns, adapts like humans, Swedish AI startup IntuiCell says

Story by Supantha Mukherjee • 2w • ⌚ 2 min read

By Supantha Mukherjee

STOCKHOLM (Reuters) - A Swedish AI startup company has created a robot dog named Luna that has a functional digital nervous system capable of learning and adapting like humans and many animals, the company, IntuiCell, said on Wednesday.

In one of the first-use cases of physical agentic AI, which can make decisions and take actions towards specific goals rather than just perform narrow tasks or generate content, the robot dog would be able to learn like a real dog.

Trump's 'sledgehammer' approach may cause trade wars – financial analyst

The US president is applying primitive tactics in both the economic and political issues he's dealing with, Henry Johnston tells RT

US President Donald Trump signs executive orders imposing tariffs in the Rose Garden at the White House on April 2, 2025. © Andrew Harnik / Getty Images

US President Donald Trump's tactics in both political and economic matters are very similar and are tantamount to using a sledgehammer for a problem that requires nuance, financial analyst Henry Johnston has told RT. On Wednesday, Trump announced a new round of sweeping tariffs on scores of trading partners, part of what he has branded his 'Liberation Day' plan.

"I think there's a very interesting parallel between Trump's approach to the Ukraine conflict and what he is doing economically. And that is that he is attempting to address very deep-seated, longstanding problems with rapid unilateral and aggressive measures," the analyst told RT. "And in both cases, I think he's going to encounter more of what we're already seeing: his very primitive tactics are not getting to the root of the issue. The economic problems that he's attempting to address are very deep-seated. They've been in play for half a century and they will not be addressed by a bludgeoning with tariffs."

Husband drives her from one home, parents from another.

March 28, 2025 By Our East Africa Correspondent - [Leave a Comment](#)

Fatuma Hussein, 30, was beaten and then ostracized by her birth family on Saturday (March 22) for sharing her new faith in Christ with her sister in Tabta village, Lower Juba Region, said the leader of a Christian team that first visited her on March 15.

They entered a house that day as her relatives were breaking the daily Ramadan fast at about 7:30 p.m., and Hussein's husband was not present. The team found Hussein unwell and complaining of *Jinn* (supernatural beings from the unseen world in Islam) power menacing her; they prayed for her and left for another village, the leader said.

Muslim woman kills Christian couple by poisoning food after taking her daughter to church

Woman confesses to accidentally killing her daughter who also ate food prepared for Christian neighbors during Ramadan

By Morning Star News, | Sunday, March 30, 2025

NAIROBI, Kenya — A Muslim woman in eastern Uganda killed a Christian couple and accidentally took her own daughter's life in the process.

Doreen Nairuba, a Christian woman, died on March 16 from eating poisoned food prepared by her Muslim neighbor, Hanifa Hamiyat, in Nabiganda town, Butaleja District, an area neighbor said. Nairuba was also six months pregnant.

Hamiyat's 18-year-old daughter, Marriam Kapisa, died the same day after unknowingly eating the food prepared by her mother for Nairuba and her husband, Jackson Wampula, who died from the poisoning the next day on

Nearly 10K in Netherlands euthanized in 2024, including 219 for 'psychological disorders': report

By Michael Gryboski, Editor | Friday, March 28, 2025

للأسف بعد كندا أيضا هولندا اتضح ان العام الماضي تزايد جدا فيها مساعدة الانتحار فتم قتل 10 آلاف شخص بما فيهم 219 شخص فقط للأمراض نفسية

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصايحنا لاستقبال العريس بالصلاة والصوم وخدمة أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

11: 13 هذا وأنكم عارفون الوقت أنها الآن ساعة لنستيقظ من النوم فان خلاصنا الآن أقرب مما كان حين امنا

12: 13 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

14: 13 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الآن قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا

1

لكي لا نخاف

وَلَكِنْ وَإِنْ تَأْتَمُّنُمْ مِنْ أَجْلِ الْبَرِّ،
فَطُوبَىٰ لَكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا
تَضْطَرُّوْا..... (1 بطرس 3 : 4)

2

بِلْ نُؤْمِنْ

قُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونِ،
حَتَّى مَتَى كَانِ تُؤْمِنُونَ....

(يوحنا 14 : 29)

3

لِنَنْتَبِهْ وَنَسْتَعِدْ

وَمَتَّى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا
وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ

لوقا 21 : 28

افرحوا لان عريسنا قد اقترب مجيؤه.
وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.
وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا
في اليوم الواحد انت لا تعرف متى ستكون منهم
المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس

والمجد لله دائماً
