اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذارى انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

## 700 koalas killed in helicopter sniper operation

Australian authorities are under fire following the culling of hundreds of koalas in the state of Victoria.

Around 700 koalas have been shot by snipers from helicopters flying over Victoria's Budj Bim National Park, in an act of euthanasia following a devastating bushfire that scorched over 2,000 hectares of habitat.

The fire left many koalas injured, dehydrated, and without food, prompting authorities to initiate the cull in early April as a means to prevent further suffering.

Animal welfare organizations have voiced alarm over the wellbeing of orphaned joeys left behind, media reported on Tuesday.

However, the approach – deploying snipers to shoot the animals from helicopters – has sparked swift and widespread backlash.

European leaders have rejected a US proposal to recognize Russia's sovereignty over Crimea as part of a draft peace deal on the Ukraine conflict, the Financial Times reported on Thursday. European officials told the outlet that such a move could cause a rift within NATO and force Kiev's backers to choose between sticking with Ukraine or siding with Washington.

According to the report, US President Donald Trump's team has presented Ukraine with a take-it-or-leave-it deal that includes Washington formally recognizing Crimea as Russian territory. US Vice President J.D. Vance has also suggested freezing the conflict along the current lines of control.

A senior European diplomat told the FT that it would be "impossible" to accept the US proposal, while one EU official claimed that "Crimea and future NATO membership aspirations are red lines for us."

## Rubio calls US NATO allies 'a bunch of junior partners'

The US secretary of state has urged member countries to increase defense spending

FILE PHOTO: US Secretary of State Marco Rubio @ Kevin Dietsch / Getty Images

US Secretary of State Marco Rubio has renewed pressure on NATO members to increase their defense contributions. describing the current arrangement within the military bloc as the US and "a bunch of junior partners."

While being part of NATO is in the US' interests, its members must shoulder their share of the responsibilities, otherwise it's not really an alliance, but a "dependency," he told The Free Press in an interview published on Wednesday.

Washington currently covers a significant portion of NATO's budget, while several member nations continue to fall short of the bloc's agreed-upon target of spending 2% of

their GDP on defense. Rubio has argued that this imbalance weakens NATO's credibility and cohesion.

### China's new weapon shocks the v Hydrogen bomb a game-changer warfare?

ET Online - Last Updated: Apr 21, 2025, 12:23:00 PM IST

#### Synopsis

Chinese researchers have tested a new hydrogen bomb that uses magnesium hydride to create a sustained fireball without nuclear materials. This weapon's high heat intensity allows for targeted destruction of military assets. Alongside this breakthrough, China continues to modernise its military with renewable energy, including hydrogen and methane-based technologies, as part of its broader defence strategy, especially amid escalating tensions over Taiwan.

Chinese researchers have successfully detonated a new <u>hydrogen-based</u> <u>explosive</u> device, signalling a leap in the country's military capabilities. This breakthrough, described as a <u>non-</u> <u>nuclear hydrogen bomb</u>, was developed by the <u>China State</u> <u>Shiphuilding Corporation</u> (CSSC)

## Pakistan shuts airspace to Indian airlines and suspends trade

The move comes after New Delhi halted a water-sharing treaty following a deadly terrorist attack

FILE PHOTO. C Mark Metcalfe-ICC / ICC via Getty Images

Pakistan has announced the closure of its airspace to all Indian airlines and the suspension of trade with New Delhi with immediate effect, following a National Security Committee meeting in Islamabad on Thursday.

The move comes after New Delhi downgraded diplomatic ties with Islamabad and suspended a treaty on the use of the waters of the Indus River system by the two nations.

"Pakistan vehemently rejects the Indian announcement to hold the Indus Waters Treaty in abeyance... Any attempt to stop or divert the flow of water belonging to Pakistan as per the Indus Waters Treaty ... will be

considered as an Act of War and responded with full force," Prime Minister Muhammad Shehbaz Sharif's office said in the statement. The treaty contains no provision for unilateral suspension, it noted.

الإشكالية أن خلاف الهند وباكستان هو خلاف بين دولتين نووبتين (الهند 140 رأس نووي وباكستان 160) ودارت بينهما ثلاث حروب في اقل من قرن قتل فيها أكثر من 100,000. وبالنسبة للموقف العالمي هو محير فأمريكا مع الهند ولكن لا تربد تخسر باكستان ولكن الصين حليفة لباكستان ولهما علاقات قوبة ولكن الصين ضد الهند عدوتها وبينهما خلافات بل الصين سيطرت على جزء من إقليم كشمير المتنازع عليه وسرقت بعض منابع المياه ولو اندلعت الحرب الصين ستحاول الاستيلاء على جزء أكبر من كشمير. فنأمل أن لا يتمادى الأمر وإن تصبح حرب حقيقية لأنها قد تنقلب نووية.

Iranian Foreign Minister Abbas Araghchi told White House envoy Steve Witkoff during nuclear talks on Saturday that it might not be possible to reach a final nuclear accord on President Trump's proposed timetable and asked whether the sides should first negotiate an interim deal, two sources with knowledge of the issue tell Axios.

Why it matters: President Trump has set a two-month deadline for negotiations with Iran - and ordered a build-up of U.S. military forces in the Middle East in case diplomacy fails.

President Donald Trump said he plans to be "very nice" to China in any trade talks and that tariffs will drop if the two countries can reach a deal, a sign he may be backing down from his tough stance on Beijing amid market volatility.

"It will come down substantially but it won't be zero," Trump said Tuesday in Washington, following earlier comments from Treasury Secretary Scott Bessent that the standoff was unsustainable. Trump added that "we're going to be very nice and they're going to be very nice, and we'll see what happens."

فالحزب اللبرالي في كندا لو فاز في الانتخابات (ملحوظة الحزب اللبرالي في كندا يحب المسلمين ويكره الكنائس جدا وعندي الكثير من الأدلة على هذا مثل انه ترودو وكارني يذهبون لزيارة الجوامع ولم يذهبوا ولا مرة لزيارة الكنائس بل في موضوع التهمة الكاذبة عن مدارس الكاثوليك قتلت أطفال المواطنين الأصليين رغم انهم لم يجدوا قبر واحد وبسبب هذا احرق وخرب 200 كنيسة منهم كنيستنا القبطية في بي سي وفتح الهجرة للمسلمين ومنع المسيحيين وغيرها الكثير) المهم انه يخطط لتغيير النظام الضريبي لكي يلغي اعتبار الكنائس جهات خيرية (لعدة أسباب منهم أنهم ضد الإجهاض وضد حقوق الشواذ) وهو شيء يشبه ما كان يحاول فعله الاخوان المسلمين ومرسي في مصر في سنة حكمهم. هذا سيزيل عفو الكنائس الضريبي ويجعلها لا تصدر فواتير ضريبية لمن يتبرع لها. هذا ليس فقط سيجعل اغلب الناس المسيحيين لن تتبرع للكنائس لان تبرعاتهم لن تعفى من الضرائب فالكنائس تفلس؛ بل ما هو أخطر من هذا انه يعتبر كل ممتلكات الجهات التي كانت خيرية والغيت مثل الكنائس هذه الممتلكات عليها ان تدفع ضرائب بأسر رجعي 100% وهذا بالطبع شبه مستحيل؛ أو تستحوذ الحكومة على الممتلكات ومن حق الحكومة ان تحول هذه الممتلكات لجهة خيرية أخرى تراها الحكومة مناسبة (مثل الجوامع). صلوا لكي يبدد الرب مشورتهم كما بدد مشورة اخيتوفل.

## Abortion provider MSI enabled dangerous late abortion

25 April 2025

Christian

oncern

One of the UK's largest abortion providers, MSI Reproductive Choices, has been named in court after supplying drugs used for a dangerous late-term abortion.

Nicola Packer is currently on trial in London after using the drugs to procure an abortion in 2020. She had a phone consultation with MSI on 4 November, was sent the pills by post and three days later attended Chelsea and Westminster Hospital. An obstetrician there estimated the child she had been carrying to be at 22 weeks' gestation.

The then-Conservative government had rushed a **DIY abortion policy** through during the Covid lockdown in March. The authorisation for at-home medical abortions only allowed until ten weeks' gestation, with later medical abortions presenting even greater risk to the mother. The prosecution's case against Packer is that she intentionally procured an unlawful abortion because she was in excess of 24 weeks pregnant and she knew that she was over 10 weeks pregnant at the time of taking the medication.

#### Predictably dangerous

At the time, Christian Concern warned and campaigned against the introduction of pills by post abortions.

We challenged the legality of the government's authorisation through a judicial review, pointing out that it was against the purpose of the Abortion Act. We demonstrated the extra risks and trauma that these abortions brought to women and through our mystery
