هدف هذه الخدمة

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذارى انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

السيد المسيح قال بعض العلامات مثل

انجيل لوقا أصحاح 21

10 ثُمَّ قَالَ لَهُمْ: «تَقُومُ أُمَّةٌ عَلَى أُمَّةٍ وَمَمْلَكَةٌ
عَلَى مَمْلَكَةٍ، 11 وَتَكُونُ زَلَزِلُ عَظِيمَةٌ فِي
أَمَاكِنَ، وَمَجَاعَاتٌ وَأُوبَّةٌ. وَتَكُونُ مَخَافٌ
وَعَلَامَاتٌ عَظِيمَةٌ مِنَ السَّمَاءِ.....

وَتَكُونُ عَلَامَاتٌ فِي الشَّمْسِ وَالْقَمَرِ وَالنُّجُومِ،
وَعَلَى الْأَرْضِ كَرْبٌ أُمٌّ بِحَيْرَةٍ. الْبَحْرُ
وَالْأَمْوَاجُ تَضِجُ، 26 وَالنَّاسُ يُغْشَى عَلَيْهِمْ مِنْ
خَوْفٍ وَانْتِظَارٍ مَا يَأْتِي عَلَى الْمَسْكُونَةِ، لِأَنَّ
قُوَّاتِ السَّمَاوَاتِ تَتَزَعَزَعُ. 27 وَحِينَئِذٍ
يُبْصِرُونَ ابْنَ الْإِنْسَانِ آتِيًا فِي سَحَابَةٍ بِقُوَّةٍ
وَمَجْدٍ كَثِيرٍ.

السيد المسيح قال بعض العلامات مثل

سفر اعمال الرسل اصحاح 2

19 وَأُعْطِيَ عَجَائِبَ فِي السَّمَاءِ مِنْ فَوْقُ وَآيَاتٍ عَلَى الْأَرْضِ مِنْ أَسْفَلُ: دَمًا وَنَارًا وَبُخَارَ دُخَانٍ.

20 تَتَحَوَّلُ الشَّمْسُ إِلَى ظُلْمَةٍ وَالْقَمَرُ إِلَى دَمٍ، قَبْلَ أَنْ يَجِيءَ يَوْمُ الرَّبِّ الْعَظِيمِ الشَّهِيرِ.

21 وَيَكُونُ كُلُّ مَنْ يَدْعُو بِاسْمِ الرَّبِّ يَخْلُصُ.

لماذا قال السيد المسيح بعض العلامات؟

أولا لكي لا نرتاع

انجيل متى 24 : 6

وَسَوْفَ تَسْمَعُونَ بِحُرُوبٍ وَأَخْبَارِ حُرُوبٍ.
أَنْظُرُوا، لَا تَرْتَاعُوا. لِأَنَّهُ لَا بُدَّ أَنْ تَكُونَ هَذِهِ
كُلُّهَا، وَلَكِنْ لَيْسَ الْمُنْتَهَى بَعْدُ.

لماذا قال السيد المسيح بعض العلامات؟

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى
مَتَى كَانَ تُؤْمِنُونَ.

لماذا قال السيد المسيح بعض العلامات؟

ثالثا لنتنبه ونستعد

انجيل لوقا 21: 28

وَمَتَّى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا
وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.

وَالنُّجُومُ تَسْقُطُ مِنَ السَّمَاءِ، وَقُوَّاتُ
السَّمَاوَاتِ تَتَزَعَّزَعُ.....
متى 24 : 29

وَنُجُومُ السَّمَاءِ سَقَطَتْ إِلَى الْأَرْضِ...
رؤيا 6 : 13

وَتَكُونُ مَخَاوِفُ وَعَلَامَاتُ عَظِيمَةٌ مِنَ
السَّمَاءِ..... وَتَكُونُ عَلَامَاتُ فِي الشَّمْسِ
وَالْقَمَرِ وَالنُّجُومِ..... لِأَنَّ قُوَّاتِ
السَّمَاوَاتِ تَتَزَعَّزَعُ...

- NASA should be ready to launch a small nuclear power plant to the moon by late 2029, the space agency's interim chief said.
- Transportation Secretary Sean Duffy, who is also serving as NASA's acting administrator, warned that China and Russia are aiming to deploy a reactor by the mid-2030s.
- Duffy ordered NASA to issue a request for proposals for the reactor within 60 days.

It Shouldn't Exist: Astronomers Discover a Planet Orbiting the "Wrong Way"

Astronomers have confirmed the existence of a rare, retrograde-orbiting planet in a tight binary star system.

Most stars throughout the Universe are part of binary or multiple star systems. In these systems, a nearby companion star can make it difficult for planets to form and remain in stable orbits around just one of the stars.

A research team made up of international astrophysicists, led by Professor Man Hoi Lee from the University of Hong Kong's Department of Earth Sciences and Department of Physics, along with MPhil student Ho Wan Cheng, has confirmed a highly unusual planetary discovery.

They identified a planet orbiting in the opposite direction of its binary stars' movement, known as a retrograde orbit, within the nu Octantis (nu Octantis) binary system. Their work also sheds light on how the evolution of binary stars may have influenced the planet's origin. These results have been published in the journal *Nature*.

The nu Octantis system contains two closely bound stars. The primary star, nu Oct A, is a subgiant with approximately 1.6 times the mass of the Sun. Its companion, nu Oct B, has roughly half the Sun's mass. Together, the two stars complete an orbit around each other every 1,050 days.

Flash flood swallows up village in India leaving dozens feared dead

This is the terrifying moment floods wiped out a village, leaving dozens of residents feared dead in India. Dramatic footage captured raging floodwaters triggered by a cloudburst rainstorm surging downhill as they swept away rocks and branches down a mountain in Dharali in Uttarakhand. Debris and sludge surged through the neighbourhood, creating havoc and leaving many feared trapped under the rubble. Dozens of wooden homes were flattened by the muddy torrents along with up to 25 hotels. Officials said at least 50 villagers were missing, with many feared dead following the disaster on Tuesday morning. At least four were confirmed dead in the afternoon. District Magistrate Prashant Arya said rescue teams were scouring the rubble to search for survivors and recover bodies. Chief Minister Pushkar Singh Dhami, Union Home Minister Amit Shah, and Prime Minister Narendra Modi have vowed to give full support, coordination, and aid to affected families. A government spokesman said: 'Rising water levels in the Khir Ganga river have reportedly caused damage in the Dharali market area. Army units from Harsil, along with police and SDRF teams, have been dispatched to Bhatwari.' The IMD has issued a red alert for heavy rainfall and flash flood risks until August 10, raising concerns over further landslides in the Himalayan region. Authorities are urging all residents and visitors to stay away from rivers, unstable slopes, and damaged infrastructure. Uttarakhand, which is found in the Himalayas, is prone to flash floods and landslides. Some environmental experts blame them on the theory of climate change. In 2023, at least 30 people died after heavy rain triggered floods and landslides in the area. [See less](#)

Scientists Predict a Volcanic Eruption That Could End the World

Scientists are keeping a close eye on supervolcanoes, because if one erupts, it could be game over for humanity! These massive volcanoes, like the one under Yellowstone, have the power to blast so much ash into the sky that it could block out the sun for years. That means global cooling, failed crops, and total chaos. While eruptions this big are rare, experts say it's not a matter of if, but when. The good news? Scientists are working on ways to predict and prepare for such a disaster. But if a supervolcano decides to blow, we might just have to hope for the best! 🌋🔥 [See less](#)

Russian President Vladimir Putin has said he could potentially hold face-to-face talks with Ukraine's Vladimir Zelensky, but only if Moscow and Kiev reach progress on a diplomatic settlement.

Putin made the remarks on Thursday as he spoke to reporters following talks in Moscow with UAE leader Mohamed bin Zayed Al Nahyan. When asked whether he would oppose meeting Zelensky in person, Putin said he had *"nothing in principle"* against this.

However, *"certain conditions must be created"* for talks to take place, Putin said, adding, *"Alas, we are still far from creating such conditions."*

Rift emerges between allies Russia and Iran over \$1.75B weapons deal, Putin's lack of support for Tehran

Story by Gabrielle Fahmy • 18h •  2 min read

A rift is reportedly emerging between allies Russia and Iran, after Tehran feels it's gotten shortchanged in strongman Vladimir Putin's war against Ukraine.

Moscow inked a \$1.75 billion weapons deal with the Islamic Republic in 2023 — called at the time “a covert partnership” — to get the designs to domestically produce Iran's infamous Shahed drones, which it had been importing since launching its full-scale invasion on Ukraine a year earlier.

But Tehran has been growing increasingly frustrated with the little backing it's received from Russia since, CNN reported, citing a Western intelligence source.

بدأت تظهر خلافات بين روسيا وإيران على اتفاقية سلاح بقيمتها 1.75 بليون فإيران مدت روسيا بالمسيرات ولكن روسيا طورتها بسرعة ولم تصبح محتاجة أن تستكمل الصفقة وأيضاً روسيا لم تقف بجوار إيران في حرب 12 يوم بالقدر الكافي

علماء يكتشفوا ان تلوث الهواء له علاقة بتزايد مرض النسيان

- hiking, camping, fishing and the use of vehicles in the woods are not permitted
- trail systems through woods are off limits

تكلمت سابقا عدة مرات مثل 21 يناير 2025 و 7 يوليه 2025 عن خطط الليبراليين العالميين من منع البشر من المناطق البرية والمحميات الطبيعية بحجة البيئة والغرض هو التحكم في البشر وتقيدهم بل ونزع ملكيتهم وحقوقهم الطبيعية لأنهم يتعاملوا مع البشر على انهم فيروسات الكوكب. فلو البعض يظن ان هذا نظرية مؤامرة فها هو أول مثال تطبقه ولاية نونا سكوتشيا في كندا وهي حكومات لبرالية تصدر قرار يمنع كل البشر من أي أنشطة في البراري والمحميات الطبيعية بما فيها التمشي او صيد السمك او التخييم أو قيادة دراجة أو سيارة والحجة هو الخوف من حرائق برية ومن يضبطوه سيدفع غرامة \$25,000. فما قلته بدأ في كندا وهي دائما سباقه في ما يخطط له الليبراليين.

Organized scientific fraud is growing at an alarming rate, study uncovers

From fabricated research to paid authorships and citations, organized scientific fraud is on the rise, according to a new Northwestern University study.

By combining large-scale data analysis of scientific literature with case studies, the researchers led a deep investigation into scientific fraud. Although concerns around scientific misconduct typically focus on lone individuals, the Northwestern study instead uncovered sophisticated global networks of individuals and entities, which systematically work together to undermine the integrity of academic publishing.

The problem is so widespread that the publication of fraudulent science is outpacing the growth rate of legitimate scientific publications. The authors argue these findings should serve as a wake-up call to the scientific community, which needs to act before the public loses confidence in the scientific process.

The study, "The entities enabling scientific fraud at scale are large, resilient and growing rapidly," was published in the *Proceedings of the National Academy of Sciences*.

"Science must police itself better in order to preserve its integrity," said Northwestern's Luís A. N. Amaral, the study's senior author.

"If we do not create awareness around this problem, worse and worse behavior will become normalized. At some point, it will be too late, and scientific literature will become completely poisoned. Some people worry that talking about this issue is attacking science. But I strongly believe we are defending science from bad actors. We need to be aware of the seriousness of this problem and take measures to address it."

Russian lab unveils cancer vaccine release target

Personalized treatment could begin “within months,” according to the Gamaleya Center’s director

FILE PHOTO © Sputnik / Alexey Nikolskiy

Russia's first patients could begin receiving a newly developed cancer vaccine within the next few months, Alexander Gintsburg, director of the Gamaleya Research Institute of Epidemiology and Microbiology, has announced. The breakthrough drug is a personalized, AI-assisted, mRNA-based vaccine designed to target malignant tumors using the patient's own genetic data.

Speaking to RIA Novosti on Saturday, Gintsburg confirmed that the experimental phase of administering

the treatment will start “in the coming months,” in cooperation with two leading oncology institutions – the Hertsen Research Institute and the Blokhin Cancer Center in Moscow. According to Gintsburg, the Gamaleya Center is responsible for producing the vaccine, while patient trials will be conducted by the partnering clinics.

7 stone tools might rewrite the timeline of hominid migration in Indonesia

Excavated implements suggest a *Homo* species arrived on Sulawesi over 1 million years ago

A researcher holds one of seven stone artifacts excavated on Sulawesi that date to at least 1 million years ago. An ancient *Homo* species crafted the tools on this Southeast Asian island, researchers say.

An independent researcher believes that this city could rewrite the biblical story of Moses, making it thousands of years older than was believed. The lake sits just 150 miles from Mount Ararat (pictured), believed to be the site of Noah's Ark

Because stone cannot be carbon-dated, researchers hope to find organic material, such as sediment layers or artifacts, which could confirm the age of the ruins

Archaeologists have uncovered ruins in [Israel](#) they believe once housed the Ark of the Covenant, a sacred, gold-covered chest described in the Bible.

According to scripture, [Moses placed the Ten Commandments inside the Ark](#), which was kept in the Tabernacle, a sanctuary built shortly after the Israelites' Exodus from [Egypt](#), traditionally dated by some scholars to around 1445 BC.

[While the fate of the Ark remains a mystery](#), it vanishes from the biblical record before the Babylonian sack of [Jerusalem](#) in 586 BC.

Now, a team working at the ancient biblical site of Shiloh has unearthed a stone structure that appears to match the dimensions and orientation of the Tabernacle described in the Bible.

Revival underway in Russian-controlled part of Moldova with salvations, baptisms and miracles

Aug 6, 2025

A remarkable Christian revival is underway in a Russian-controlled part of Moldova, despite Moscow's heavy hand. Very few foreign journalists are allowed in, but CBN News gained rare access to the Transnistria region.

Getting here is no easy feat. We began the 5,000-mile journey from the U.S. East Coast, stopping first in the tiny former Soviet republic of Moldova's capital, Chisinau. From there, we drove north along Ukraine's southwestern border, where Moscow has recently stirred up political turmoil.

Fulani Herdsmen Kill 17 Christians in Plateau State, Nigeria

Predominantly Muslim raiders occupy nine villages.

August 5, 2025 By Christian Daily International-Morning Star News - [Leave a Comment](#)

ABUJA, Nigeria (Christian Daily International-Morning Star News) –

Fulani herdsmen on Monday morning (Aug. 4) killed a Christian woman in a village in Plateau state, Nigeria, the latest of 17 Christians slain in the area since July 15, sources said.

The herdsmen raided Njin village at about 10 a.m., said resident Dorcas Ishaya.

“Fulani herdsmen are at it again,”

Ishaya said in a message to Christian Daily International-Morning Star News. “This morning at 10 a.m., Monday, August 4, they attacked Njin village in the Kopmur area of Mushere chieftdom, in Bokkos Local Government Area of Plateau state, killing a Christian woman.”

Area resident Ezekiel Tongs added in a message that the assailants robbed and torched properties.

SURABAYA, Indonesia ([Morning Star News](#)) – As police officers looked on, a group of Muslims on Sunday (July 27) stormed a prayer house in Indonesia, injuring two children, sources said.

The Muslims shouted the jihadist slogan “*Allahu Akbar* [God is Greater]” and “Dismiss it” as they disrupted state mandated religious education for children provided by Anugerah Faithful Christian Church of Indonesia (*Gereja Kristen Setia Indonesia, GKSI*) in Padang Sarai village, Koto Tengah District, Padang City, West Sumatra Province at around 4 p.m., a widely viewed video shows.

Armed with wooden blocks, knives and stones, the intruders damaged property inside and outside the prayer house where religious instruction was underway for children who could not receive it in school. Panicked students and their parents rushed outside as children cried. A voice from within the

Ukraine must say ‘yes’ to gay marriage – EU state

Sweden says Kiev must allow homosexual weddings in order to meet the bloc’s standards

© Getty Images/LightFieldStudios

Ukraine should extend full legal protections to gay people, including same-sex marriage, as part of its bid for EU membership, Swedish Prime Minister Ulf Kristersson has said.

Ukraine was granted EU candidate status in 2022 shortly after the escalation of the conflict with Russia. While Brussels has floated 2030 as a possible accession date, all current member states must approve the move.

“There’s a living expression of the libertarian values that Ukraine is fighting for,” Kristersson wrote in a post on Friday, after meeting with LGBTQ Ukrainian veterans and Sweden’s rights group RFSL in Stockholm. He noted that same-sex couples in Ukraine *“cannot enter into marriage or a registered partnership”* and said Sweden would *“closely monitor”* the matter during the EU accession process.

رسالة بولس الرسول الي أهل رومية 13

11: 13 هذا وأنكم عارفون الوقت أنها الآن ساعة لنستيقظ من النوم فان خلاصنا الآن أقرب مما كان حين امنا

12: 13 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

14: 13 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الآن قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا
