هدف هذه الخدمة

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها جميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذارى انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

السيد المسيح قال بعض العلامات مثل

انجيل لوقا أصحاح 21

10 ثُمَّ قَالَ لَهُمْ: «تَقُومُ أُمَّةٌ عَلَى أُمَّةٍ وَمَمْلَكَةٌ
عَلَى مَمْلَكَةٍ، 11 وَتَكُونُ زَلَزِلُ عَظِيمَةٌ فِي
أَمَاكِنَ، وَمَجَاعَاتٌ وَأَوْبَةٌ. وَتَكُونُ مَخَافٌ
وَعَلَامَاتٌ عَظِيمَةٌ مِنَ السَّمَاءِ.....

وَتَكُونُ عَلَامَاتٌ فِي الشَّمْسِ وَالْقَمَرِ وَالنُّجُومِ،
وَعَلَى الْأَرْضِ كَرْبٌ أُمٌّ بِحَيْرَةٍ. الْبَحْرُ
وَالْأَمْوَاجُ تَضِجُ، 26 وَالنَّاسُ يُغْشَى عَلَيْهِمْ مِنْ
خَوْفٍ وَانْتِظَارٍ مَا يَأْتِي عَلَى الْمَسْكُونَةِ، لِأَنَّ
قُوَّاتِ السَّمَاوَاتِ تَتَزَعَزَعُ. 27 وَحِينَئِذٍ
يُبْصِرُونَ ابْنَ الْإِنْسَانِ آتِيًا فِي سَحَابَةٍ بِقُوَّةٍ
وَمَجْدٍ كَثِيرٍ.

السيد المسيح قال بعض العلامات مثل

سفر اعمال الرسل اصحاح 2

19 وَأُعْطِيَ عَجَائِبَ فِي السَّمَاءِ مِنْ فَوْقُ وَآيَاتٍ عَلَى الْأَرْضِ مِنْ أَسْفَلُ: دَمًا وَنَارًا وَبُخَارَ دُخَانٍ.

20 تَتَحَوَّلُ الشَّمْسُ إِلَى ظُلْمَةٍ وَالْقَمَرُ إِلَى دَمٍ، قَبْلَ أَنْ يَجِيءَ يَوْمُ الرَّبِّ الْعَظِيمِ الشَّهِيرِ.

21 وَيَكُونُ كُلُّ مَنْ يَدْعُو بِاسْمِ الرَّبِّ يَخْلُصُ.

لماذا قال السيد المسيح بعض العلامات؟

أولا لكي لا نرتاع

انجيل متى 24 : 6

وَسَوْفَ تَسْمَعُونَ بِحُرُوبٍ وَأَخْبَارِ حُرُوبٍ.
أَنْظُرُوا، لَا تَرْتَاعُوا. لِأَنَّهُ لَا بُدَّ أَنْ تَكُونَ هَذِهِ
كُلُّهَا، وَلَكِنْ لَيْسَ الْمُنْتَهَى بَعْدُ.

لماذا قال السيد المسيح بعض العلامات؟

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى
مَتَى كَانَ تُؤْمِنُونَ.

لماذا قال السيد المسيح بعض العلامات؟

ثالثا لنتنبه ونستعد

انجيل لوقا 21: 28

وَمَتَّى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا
وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.

وَالنُّجُومُ تَسْقُطُ مِنَ السَّمَاءِ، وَقُوَّاتُ
السَّمَاوَاتِ تَتَزَعَّزَعُ.....
متى 24 : 29

وَنُجُومُ السَّمَاءِ سَقَطَتْ إِلَى الْأَرْضِ...
رؤيا 6 : 13

وَتَكُونُ مَخَاوِفُ وَعَلَامَاتُ عَظِيمَةٌ مِنَ
السَّمَاءِ..... وَتَكُونُ عَلَامَاتُ فِي الشَّمْسِ
وَالْقَمَرِ وَالنُّجُومِ..... لِأَنَّ قُوَّاتِ
السَّمَاوَاتِ تَتَزَعَّزَعُ...

لوقا 21 : 11 - 26

Beginning in 2017, elevated mortalities in [North Atlantic right whales](#) (*Eubalaena glacialis*) were documented in Canada and the United States and necessitated an [Unusual Mortality Event](#) (UME) be declared. The whales impacted by the UME include dead, injured, and sick individuals, who represent more than 20 percent of the population, which is a significant impact on an endangered species where deaths are outpacing births. Additionally, research demonstrates that only about 1/3 of right whale deaths are documented. The preliminary cause of mortality, serious injury, and morbidity (sublethal injury and illness) in most of these whales is from entanglements or vessel strikes. Endangered North Atlantic right whales are approaching extinction. There are approximately 370 individuals remaining, including about 70 reproductively active females. Human impacts continue to threaten the survival of this species. The many individual whales involved in the UME are a significant setback to the recovery of this endangered species.

In both analyses, we show that more SARS-CoV-2 vaccinations are associated with a higher risk of influenza-like respiratory illness and workdays lost. For influenza-like respiratory illness, the association is stronger with a more recent timing of the vaccination rather than the number of vaccinations, which suggests that the effect wanes over time. In contrast, seasonal influenza vaccination is associated with a decreased risk for both outcomes.

Highly Pathogenic Avian Influenza A(H5N1) Virus Infection in a Dairy Farm Worker

Published May 3, 2024 | N Engl J Med 2024;390:2028-2029 | DOI: 10.1056/NEJMc2405371 | VOL. 390 NO. 21

TO THE EDITOR:

Sporadic human infections with highly pathogenic avian influenza (HPAI) A(H5N1) virus, with a wide spectrum of clinical severity and a cumulative case fatality of more than 50%, have been reported in 23 countries over more than 20 years.¹ HPAI A(H5N1) clade 2.3.4.4b viruses have spread widely among wild birds worldwide since 2020–2021,^{2,3} resulting in outbreaks in poultry and other animals.² Recently, HPAI A(H5N1) clade 2.3.4.4b viruses were identified in dairy cows, and in unpasteurized milk samples, in multiple U.S. states.^{4,5} We report a case of HPAI A(H5N1) virus infection in a dairy farm worker in Texas.

In late March 2024, an adult dairy farm worker had onset of redness and discomfort in the right eye. On presentation that day, subconjunctival hemorrhage and thin, serous drainage were noted in the right eye. Vital signs were unremarkable, with normal respiratory effort and an oxygen saturation of 97% while the patient was breathing ambient air. Auscultation revealed clear lungs. There was no history of fever or feverishness, respiratory symptoms, changes in vision, or other symptoms. The worker reported no contact with sick or dead wild birds, poultry, or other animals but reported direct and close exposure to dairy cows that appeared to be well and with sick cows that showed the same signs of illness as cows at other dairy farms in the same area of northern Texas with confirmed HPAI A(H5N1) virus infection (e.g., decreased milk production, reduced appetite, lethargy, fever, and dehydration⁵). The worker reported wearing gloves when working with cows but did not use any respiratory or eye protection.

Abstract

Highly pathogenic avian influenza H5N1 viruses have circulated globally since 1996. In recent years, clade 2.3.4.4b H5N1 viruses have crossed the species barrier into multiple species, including dairy cattle, causing a significant decrease in milk production and rapid spread across multiple U.S. states in 2024. Previous studies have demonstrated that Holstein cows are susceptible to H5N1 infection in laboratory settings, mirroring field observations. To investigate whether Jersey cows are susceptible to H5N1 infection and their potential as an experimental model, we inoculated three Jersey lactating

Russia says it prevented Ukrainian drone attack on Smolensk nuclear power plant

By Reuters

August 17, 2025 7:12 AM MDT • Updated 3 hours ago

MOSCOW, Aug 17 (Reuters) - Russia's Federal Security Service (FSB) said that it had prevented a Ukrainian drone attack on the Smolensk nuclear power plant in western Russia on Sunday.

The Soviet-era Smolensk nuclear power station, about 330 km (200 miles) southwest of Moscow near the border with Belarus, has three RBMK reactors - the same basic design as the reactors at the Chernobyl nuclear power station.

The FSB, the main successor to the Soviet-era KGB, said that Russian radio-electronic warfare systems intercepted a Ukrainian drone over the territory of the Smolensk nuclear power station.

"Electronic warfare forces intercepted an aircraft-type UAV - a Ukrainian-made 'Spis' attack UAV - over the territory of the Smolensk Nuclear Power Plant," the FSB said in a statement.

Germany Just Built a Super Spaceplane No One Saw Coming (Not Even NATO)

For decades after the Cold War, Germany worked in lockstep with its allies. Defense was a collective effort, and strategy was shared through multiple inputs. But now, Germany is taking a solo path. In 2025, as NATO debated budgets and future fighter programs, Berlin took a different path. With timelines tightening and threats accelerating, the country began building something no other member of the alliance could match: A reusable, unmanned, hypersonic spaceplane, capable of taking off from a runway, reaching the edge of space, and returning armed. With confirmation that it will carry live, combat-ready missiles, the system is no longer just a research platform. It's a weapon, built for a

Saudi Arabia on Friday rejected Israel's plan to take over Gaza city, lambasting it for the "starvation" and "ethnic cleansing" of Palestinians in the blockaded territory.

Riyadh said it "condemns in the strongest and most forceful terms the decision of the Israeli occupation authorities to occupy the Gaza Strip", in a foreign ministry statement on X.

It added that it "categorically condemns its persistence in committing crimes of starvation, brutal practices, and ethnic cleansing against the brotherly Palestinian people".

 مهم عرضه الوزير اليهودي المتعصب سموتريدج وهنا تروا بوضوح انه فعلا يخططوا لأخذ فلسطين
 ولجزء كبير من الأردن وجزء من جنوب سورية ومن شمال السعودية ولكن مصر لا.

Vaccine investment brings 16-fold return... partnering with Bill Gates

– Jerome Kim, International Vaccine Institute Director General

– On the occasion of the 20th anniversary of IVI's development and delivery of cholera and other vaccines

By Kim Sung-mo, The Chosun Ilbo

October 10, 2017

"Investment in vaccines can bring a 16-fold return, and a \$1 investment can result in \$16 in savings through disease prevention," said Jerome Kim (58), IVI Director General, citing research by Johns Hopkins University in an interview marking the institute's 20th anniversary. The Director General added, "IVI developed an oral cholera vaccine that has been introduced in Haiti and Malawi and elsewhere, saving the lives of children and the impoverished in developing countries."

About the AeroVax Inhaled COVID Vaccine Trial

When a vaccine is inhaled, the body's immune system responds in a different way than when injected that may be better at preventing infection.

This new vaccine, named ChAd-triCoV/Mac, targets three different proteins in the SARS CoV-2 virus to improve the vaccine's ability to protect against new strains (or variants) of the COVID virus.

The AeroVax Trial is a Phase 2 clinical trial funded by the Canadian Institutes of Health Research (CIHR), Canada's federal funding agency for health research.

The AeroVax Trial will evaluate if this new COVID-19 vaccine is safe to give by aerosol (inhalation) to people who have been

Canadian COVID-19 study misrepresented in false claims about mass 'spraying' of vaccine

By The Canadian Press

The second phase of human trials for inhaled aerosol COVID-19 vaccine "AeroVax" is ongoing at a Canadian university. Online posts claimed the vaccine could or would be used in mass airborne vaccinations without consent, or that the university received funding from the Bill & Melinda Gates Foundation. These claims are false. The vaccine, which is still in its trial phase and not approved for use in Canada, would involve an inhaler — not mass spraying. The Canadian Press could find no

أنا لا أقول انهم سيفعلون ذلك ولكن لو تتذكروا الكلام عن رش الكيماويات في السماء كان يوصف بأنه كذب ونظرية مؤامرة وهو تكثيف بخار من اجنحة الطائرات ولكن فجأة بدأ يتحول الكلام عن أنه ضرورة لإنقاذ الكوكب أي لمدة سنين ما كان يقول الاعلام انه كذب ونظرية مؤامرة وهم يعرفوا أنه حقيقة ويحدث ويتزايد. فالبعض له حق أنه لا يستطيع ان يصدق الإعلام اللبرالي العالمي. وبخاصة ان بيل جبيتس كان له محاولات سابقة في 2023 لرش تطعيم الكوفيد ولم يحصل على الموافقة. أي هو حاول نفس الأمر في 2023 ليتغلب على رفض البعض للتطعيم ولكن لم ينجح وقتها فهل هذه تكرار للمحاولة من باب آخر؟ ولو نجحوا في فعل هذا بدون موافقة البشر فماذا سيكون التالي؟

NYC office blindsides workers by forcing facial recognition scans without warning

Russian oil red lines: The EU and US are about to push India too far

As the West accuses New Delhi of “supporting Russia’s war” by importing its crude, the nation of 1.4 billion people defines its red lines

By **Manish Vaid**, junior fellow, Observer Research Foundation, with research interests in strategic energy insights and green transitions

With American rhetoric against India becoming more openly coercive, and top officials warning New Delhi about the consequences of its energy trade with Russia, the pressure is becoming multidirectional.

Recent remarks by former US President Donald Trump have further complicated this recalibration. Alongside a [25% tariff on Indian exports](#), imposed last week, Trump issued pointed warnings over India’s sustained energy and defense trade with Russia, accusing New Delhi of indirectly supporting America’s adversaries through continued oil purchases.

[Trump went as far as to suggest](#) that India and Russia could “*take their dead economies down together*,” framing their economic

engagement as contrary to US interests.

Trump’s statements were not just emotional reactions – they were followed by a series of other statements from US officials. Secretary of State Marco Rubio on Friday claimed India’s purchase of Russian oil is a “point of irritation.”

Amnesty International seeks quashing of unjust convictions.

(Christian Daily International–Morning Star News) – Amnesty International this week called for annulment of the convictions of 11 Christians in Libya sentenced to prison under charges ranging from “insulting Islam” to calling for changes in principles of the constitution by promoting Christianity.

The trials of the 10 Libyan nationals and one Pakistani man were grossly unfair, marred by egregious violations of due process and international human rights standards, the rights watchdog asserted in a press statement on Tuesday (Aug. 12).

“Throughout the sessions of the trial, which started in September 2024, judges never examined witnesses or evidence against the defendants,” Amnesty stated. “They also never questioned any members of the ISA [Internal Security Agency], whose investigations were the only basis for the criminal investigations into the defendants. 11: 13 هذا وأنكم عارفون الوقت أنها الآن ساعة لنستيقظ من النوم فان خلاصنا الآن أقرب مما كان حين امنا

12: 13 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

14: 13 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الآن قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا

1

لكني لا نخاف

وَلَكِنْ وَإِنْ تَأْتَمُّنُمْ مِنْ أَجْلِ الْبَرِّ،
فَطُوبَىٰ لَكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا
تَضْطَرُّوْا..... (1 بطرس 3 : 4)

2

بِلْ نُؤْمِنْ

قُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونِ،
حَتَّى مَتَى كَانِ تُؤْمِنُونَ....

(يوحنا 14 : 29)

3

لِنُنْتَبِهْ وَنُسْتَعِدَّ

وَمَتَّى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا
وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ

لوقا 21 : 28

افرحوا لان عريسنا قد اقترب مجيؤه.
وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.
وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا
في اليوم الواحد انت لا تعرف متى ستكون منهم
المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس

والمجد لله دائماً
