# هدف هذه الخدمة

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافى من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذارى انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترّب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترّب لكيلا يقال عني كاذب وانشّر اشاعات او اخيف البعض ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

# السيد المسيح قال بعض العلامات مثل

انجيل لوقا أصحاح 21

10 ثُمَّ قَالَ لَهُمْ: «تَقُومُ أُمَّةٌ عَلَى أُمَّةٍ وَمَمْلَكَةٌ  
عَلَى مَمْلَكَةٍ، 11 وَتَكُونُ زَلَزِلُ عَظِيمَةٌ فِي  
أَمَاكِنَ، وَمَجَاعَاتٌ وَأَوْبَةٌ. وَتَكُونُ مَخَافٌ  
وَعَلَامَاتٌ عَظِيمَةٌ مِنَ السَّمَاءِ.....

وَتَكُونُ عَلَامَاتٌ فِي الشَّمْسِ وَالْقَمَرِ وَالنُّجُومِ،  
وَعَلَى الْأَرْضِ كَرْبٌ أُمٌّ بِحَيْرَةٍ. الْبَحْرُ  
وَالْأَمْوَاجُ تَضِجُ، 26 وَالنَّاسُ يُغْشَى عَلَيْهِمْ مِنْ  
خَوْفٍ وَانْتِظَارٍ مَا يَأْتِي عَلَى الْمَسْكُونَةِ، لِأَنَّ  
قُوَّاتِ السَّمَاوَاتِ تَتَزَعَزَعُ. 27 وَحِينَئِذٍ  
يُبْصِرُونَ ابْنَ الْإِنْسَانِ آتِيًا فِي سَحَابَةٍ بِقُوَّةٍ  
وَمَجْدٍ كَثِيرٍ.

# السيد المسيح قال بعض العلامات مثل

سفر اعمال الرسل اصحاح 2

19 وَأُعْطِيَ عَجَائِبَ فِي السَّمَاءِ مِنْ فَوْقُ وَآيَاتٍ عَلَى الْأَرْضِ مِنْ أَسْفَلُ: دَمًا وَنَارًا وَبُخَارَ دُخَانٍ.

20 تَتَحَوَّلُ الشَّمْسُ إِلَى ظُلْمَةٍ وَالْقَمَرُ إِلَى دَمٍ، قَبْلَ أَنْ يَجِيءَ يَوْمُ الرَّبِّ الْعَظِيمِ الشَّهِيرِ.

21 وَيَكُونُ كُلُّ مَنْ يَدْعُو بِاسْمِ الرَّبِّ يَخْلُصُ.

# لماذا قال السيد المسيح بعض العلامات؟

أولا لكي لا نرتاع

انجيل متى 24 : 6

وَسَوْفَ تَسْمَعُونَ بِحُرُوبٍ وَأَخْبَارِ حُرُوبٍ.  
اُنْظُرُوا، لَا تَرْتَاعُوا. لِأَنَّهُ لَا بُدَّ أَنْ تَكُونَ هَذِهِ  
كُلُّهَا، وَلَكِنْ لَيْسَ الْمُنْتَهَى بَعْدُ.

# لماذا قال السيد المسيح بعض العلامات؟

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى  
مَتَى كَانَ تُؤْمِنُونَ.

# لماذا قال السيد المسيح بعض العلامات؟

ثالثا لنتنبه ونستعد

انجيل لوقا 21: 28

وَمَتَّى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا  
وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.

وَالنُّجُومُ تَسْقُطُ مِنَ السَّمَاءِ، وَقُوَّاتُ  
السَّمَاوَاتِ تَتَزَعَّعُ.....  
متى 24 : 29

وَنُجُومُ السَّمَاءِ سَقَطَتْ إِلَى الْأَرْضِ...  
رؤيا 6 : 13

وَتَكُونُ مَخَاوِفُ وَعَلَامَاتٌ عَظِيمَةٌ مِنَ  
السَّمَاءِ..... وَتَكُونُ عَلَامَاتٌ فِي الشَّمْسِ  
وَالْقَمَرِ وَالنُّجُومِ..... لِأَنَّ قُوَّاتِ  
السَّمَاوَاتِ تَتَزَعَّعُ...

## Over 7 Billion people will witness "Blood Moon" eclipse in September

Aug 12, 2025

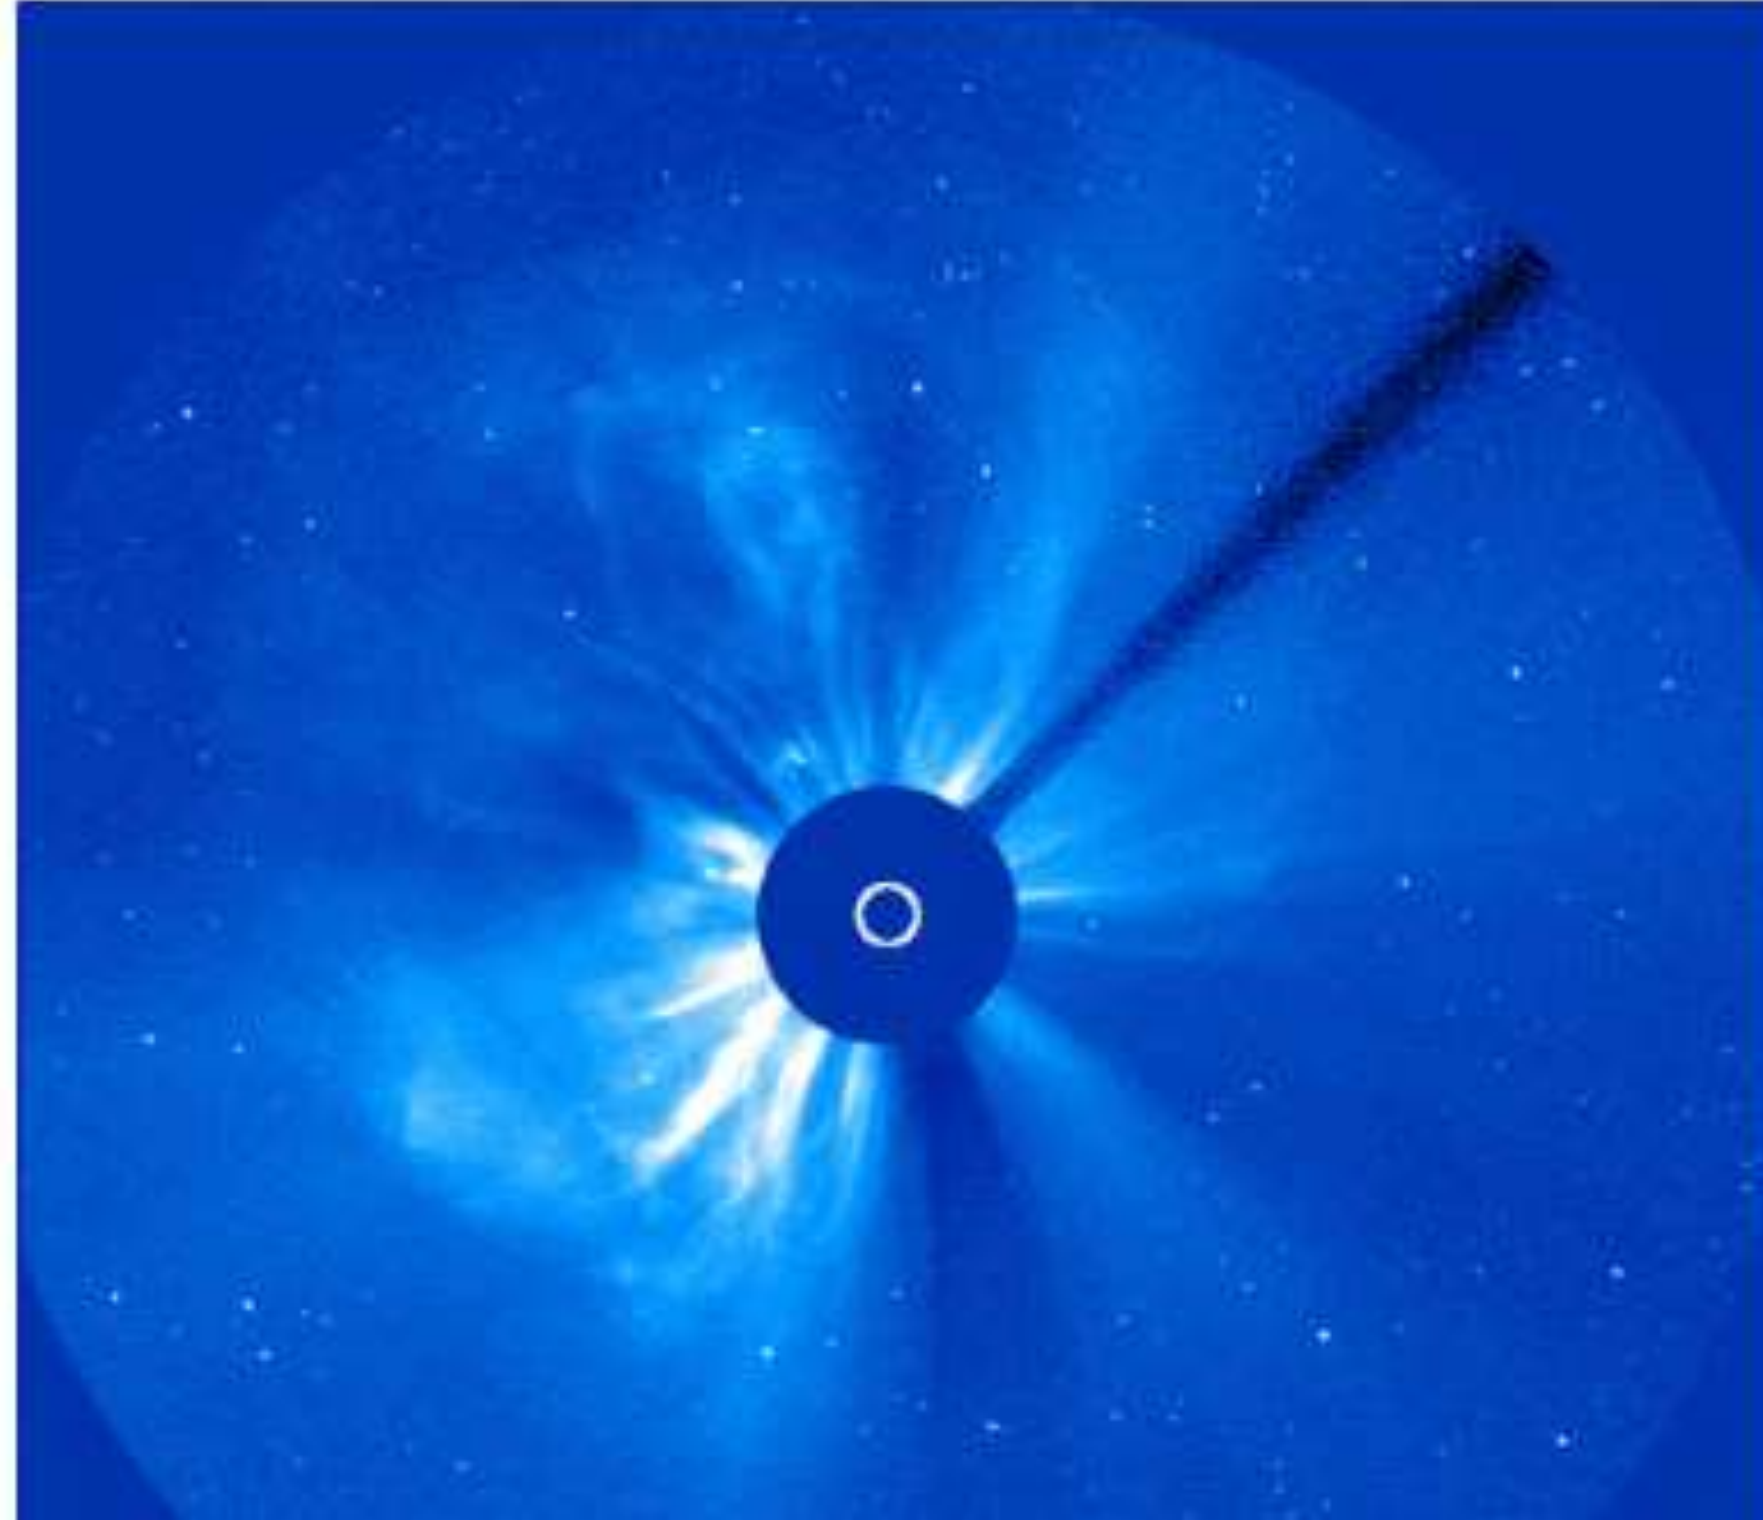

There is a great total lunar eclipse coming up in a few weeks, and the vast majority of people on the planet from Oceania to Brazil will enjoy it!

The event will happen, depending on your time zone, during the evening between September 7 and 8, and from partiality to the total spectacle of the so-called "blood Moon" and then back to partiality, it will take 3 hours, 29 minutes, and 24 seconds.

While Hurricane Erin is drawing most of the attention, there are two other areas the National Hurricane Center is watching in the Atlantic.

The westernmost area of interest is now producing a broad area of thunderstorm activity as it continues its westward journey across the Atlantic between Africa and the Lesser Antilles.

This is expected to enter an environment more conducive to development in the coming days and could become a tropical depression late this week or weekend.

# Brain’s immune cells literally devour nerve fibers that control scent detection, researchers show

## In A Nutshell

- In an Alzheimer’s mouse model, immune cells called microglia target and remove norepinephrine-carrying nerve fibers in the olfactory bulb months before amyloid plaques appear.
- This early fiber loss leads to measurable smell deficits and happens before damage to other brain regions.
- Removing a microglial protein (TSPO) prevented fiber loss and preserved smell function in the mice.
- Human brain tissue and brain scans confirmed fiber loss and increased microglia presence in the olfactory bulb in early Alzheimer’s, suggesting smell testing and imaging could aid early detection.

**MUNICH** — Most people think Alzheimer’s disease begins with forgotten names or misplaced keys. But years before memory problems appear, many future patients lose something else entirely: their sense of smell. Scientists have now identified a biological explanation for this early warning sign: the brain’s own immune system targets and removes the nerve fibers responsible for processing scents.

## About 10 countries ready to send troops to Ukraine as part of peace agreement — Bloomberg

3:55 pm, August 19, 2025 · Source: [Bloomberg](#)

About 10 European countries would be prepared to send troops to Ukraine once Russia's full-scale war ends, [Bloomberg reports](#), citing informed sources.

According to the report, European officials discussed a plan on Tuesday to deploy British and French forces in Ukraine as part of a future peace agreement, including troop numbers and their placement.

The U.K. government said that in the coming days, European military officials will meet with U.S. representatives to develop "robust security guarantees" and "prepare for the deployment of a reassurance force if the hostilities ended."

Bloomberg's sources added that the first phase of the proposed support package would focus on strengthening the Ukrainian military through training and personnel reinforcement. This would be handled by a multinational group composed primarily of European troops, with the U.K. and France sending hundreds of soldiers to Ukraine, stationed away from the front lines.

Another part of the plan reportedly involves U.S. support, including intelligence sharing, border surveillance, weapons deliveries, and possibly air defense.

## Ukraine not interested in peace – Lavrov

Kiev plans to demand that Russia be weakened through sanctions even after a peace agreement is reached, the Russian foreign minister said

Kiev is openly demonstrating it has no interest in long-term peace with Moscow, Russian Foreign Minister Sergey Lavrov has said, pointing to recent remarks by Ukrainian officials.

Following the summit in Alaska between Russian President Vladimir Putin and US President Donald Trump, and subsequent talks in Washington with Ukraine's Vladimir Zelensky and European leaders, the US administration said a peace deal had become more feasible. The White House described the outcome of the talks as progress, noting there was *"a light at the end of the tunnel."*

At a press conference on Thursday, Lavrov confirmed that significant progress had been achieved during the Alaska summit. However, he underlined that Ukrainian officials continue to comment on a

## Russia hits Ukraine with 'massive' drone, missile attack, Kyiv says

Story by David Brennan • 2h • 3 min read

Russia launched 614 air attack munitions into Ukraine overnight into Thursday, the air force in Kyiv reported, in what the country's Foreign Minister Andrii Sybiha called a "massive combined air strike" on targets around the country.

The air force said Russia launched 574 drones and 40 missiles in its overnight barrage, of which 546 drones and 31 missiles were intercepted or otherwise suppressed. Impacts were reported across 11 locations, the air force said.

"Contrary to all efforts to end the war, Russia undertook a massive combined air strike on Ukraine overnight," Sybiha said in a post to X, saying that "civilian and energy infrastructure" were among the targets.

Two civilians have been killed and 21 others injured in a Ukrainian attack on the Russian city of Yenakievo on Thursday, the top regional official has said.

According to Donetsk People's Republic (DPR) head Denis Pushilin, US-made HIMARS rocket launchers and kamikaze drones were used in the attack. He added that nine houses in Yenakievo and nearby Gorlovka were damaged.

Yenakievo was close to the front line until Russian forces gradually pushed

## North Korea's top officers abruptly pulled out of Russia — and what this could mean for Ukraine peace talks

Story by Ronny Reyes • 17h • 2 min read

More than a dozen of North Korea's top military officers are returning home from Russia, suggesting Pyongyang's contribution to the war in Ukraine could take a back seat during the ongoing peace talks, according to a new report.

The North Korean commanders, including Col. Gen. Kim Yong Bok and Maj. Gen. Sin Kum Chol, appeared suddenly in a welcome home ceremony with leader Kim Jong Un praising their accomplishments in taking back Russia's Kursk region, according to reports from Pyongyang on Thursday.

The general's return is likely a signal that Russia is confident it can keep Kursk and fend off any Ukrainian counterattack, all while avoiding questions about Pyongyang's involvement in the war, Michael Madden, a North Korea expert at

خبر كارثي في البداية دراسة لناسا توضح تناقص الأكسجين على الأرض والدراسة تحسب متى سينتهي وتقول ان تأثير الشمس مع تناقص CO2 سيؤدي إلى تناقص الأكسجين وامامه بليون سنة وسينتهي.

خدعة تغير المناخ وعلاجه بسحب ثاني أكسيد الكربون هو كارثي لان الطبيعة متعادلة بين الأكسجين 21% وثاني أكسيد الكربون 0.5% الذي هو به جزيئين اكسجين. فمتى تزايد يزيد الغطاء الأخضر وتنشط الطحالب البحرية التي تحوله لأكسجين ومتى نقص يقل نشاطها. ولكن لو سحبناه من الجو نحن نمنع تحوله لأكسجين الذي نتنفسه. فبسحبه نضر النباتات والحيوانات والبشر أيضاً

خبر تناقص الأكسجين على الأرض هذا الأمر توقعته وذكرته لحضراتكم سابقا في التعليق على الاحداث 23 أبريل 2024 وقلت لكم «خدعة تغير المناخ وعلاجه بسحب ثاني أكسيد الكربون هو كارثي لان الطبيعة متعادلة بين الأكسجين 21% وثاني أكسيد الكربون 0.5% الذي هو به جزيئين اكسجين. فمتى تزايد يزيد الغطاء الأخضر وتنشط الطحالب البحرية التي تحوله لأكسجين نتنفسه ومتى نقص يقل نشاطها. ولكن لو سحبناه من الجو نحن نمنع تحوله لأكسجين الذي نتنفسه فسينقص الاكسجين. فبسحبه نضر النباتات والحيوانات والبشر أيضاً» ما حذرت منه بدأ رصده للأسف. والمشكلة أن تناقصه ولو بسيط يؤثر سلباً على الكل وبخاصة المسنين.

## Ukraine stripped of USAID billions

American funding turned Kiev into a money laundering hub for Washington, experts have told RT

© Getty Images / CFOTO / Contributor

Ukraine has lost billions of dollars in aid from the US Agency for International Development (USAID), Washington's primary funding channel for political projects abroad. Most USAID programs have been shut down in the country, with only a handful set to continue beyond 2025, according to data reviewed by RT.

For years, Ukrainian NGOs and nonprofits were heavily dependent on USAID grants and

contracts, reportedly turning the country into a money laundering hub for Washington.

## How Trump is unifying Brics brick by brick

The Brics alliance has long been seen as a loosely structured bloc beset by a lack of trust in their own ranks. But in the face of Trump's tariff bombs, all of that is passe. While India has ramped up ties with Russia and China, South Africa and Brazil are also following suit.

## Prayer House Closed, Evangelist Expelled in Indonesia

Officials and Muslim clerics indefinitely halt church's activities.

August 20, 2025 By Our Indonesia Correspondent - [Leave a Comment](#)

**SURABAYA, Indonesia** ([Morning Star News](#)) – Officials and Muslim clerics in a village in West Java Province, Indonesia have closed a prayer house, expelled an evangelist and indefinitely halted all Christian activities there, media outlets reported.

Citing lack of a worship building permit, state officials and Muslim clerics from the local chapter of the Indonesia Ulema Council (*Majelis Ulama Indonesia*, or MUI) closed the Immanuel prayer house of Bethel Tabernacle Church of Indonesia in Purbayani village, Caringin Sub-District, Garut Regency effective Aug. 2. The closure came in an order signed by the sub-district head, the sector police chief and the district military commander, according to [Kompas.com](#).

Expelled from the prayer house – and the sub-district – under the order was a 43-year-old evangelist, Dani Natanael, and his son, a third-grade elementary school student, according to [Kompas.com](#).

Is Prince Charles a Convert to Islam?

by Daniel Pipes

Translations of this item:

In a 1997 *Middle East Quarterly* article titled "[Prince Charles of Arabia](#)," Ronni L. Gordon and David M. Stillman looked at evidence that Britain's crown prince might be a secret convert to Islam. They shifted through his public statements (defending Islamic law, praising the status of Muslim women, seeing in Islam a solution for Britain's ailments) and actions (setting up a panel of twelve "wise men" to advise him on Islamic religion and culture), then concluded that, "should Charles persist in his admiration of Islam and defamation of his own culture," his accession to the throne will indeed usher in a "different kind of monarchy."

'ISLAM AND THE WEST'

Speech by HRH The Prince of Wales, at the Sheldonian Theatre, Oxford on the occasion of his visit to the Oxford Centre for Islamic Studies: Wednesday 27 October 1993

Ladies and gentlemen, it was suggested to me when I first began to consider the subject of this lecture, that I should take comfort from the Arab proverb, 'In every head there is some wisdom'. I confess that I have few qualifications as a scholar to justify my presence here, in this theatre, where so many people much more learned than I have preached and generally advanced the sum of human knowledge. I might feel more prepared if I were an offspring of your distinguished University, rather than a product of that 'Technical College of the Few' - though I hope you will bear in mind that a chair of Arabic was established in 17th century Cambridge a full four years before your first chair of Arabic at Oxford. Unlike many of you, I am not an expert on Islam - though I am delighted, for reasons which I hope will become clear, to be a Vice Patron of the Oxford Centre for Islamic Studies. The Centre has the potential to be an important and exciting vehicle for promoting and improving understanding of the Islamic world in Britain, and one which I hope will earn its place alongside other centres of Islamic study in Oxford, like the Oriental Institute and the Middle East Centre, an institution of which the University, and scholars more widely, will become justly proud.

Given all the reservations I have about venturing into a complex and controversial field, you may well ask why I am here in this marvellous Wren building talking to you on the subject of Islam and the West. The reason is, ladies and gentlemen, that I believe wholeheartedly that the links between these two worlds matter more today than ever before, because the degree of misunderstanding between Islam and Western worlds remains dangerously high, and because the need for the two to live and work together in our increasingly interdependent world has never been greater. At the same time I am only too well aware of the minefields which lie across the path of the inexpert traveller who is bent on exploring this difficult route. Some of what I shall say will undoubtedly provoke disagreement, criticism, misunderstanding and probably worse. But perhaps, when all is said and done, it is worth recalling another Arab proverb: 'What comes from the lips reaches the ears. What comes from the heart reaches the heart.'

The depressing fact is that, despite the advances in technology and mass communications of the second half of the 20th Century, despite mass travel, the intermingling of races, the ever growing reduction - or so we believe - of the mysteries of our world, misunderstandings between Islam and the West continue. Indeed, they may be growing. As far as the West is concerned, this cannot be because of ignorance. There are one billion Muslims worldwide. Many millions of them live in countries of the Commonwealth. Ten million or more live in the West, and around one million in Britain. Our own Islamic community has been growing and flourishing for decades. There are nearly 500 mosques in Britain. Popular interest in Islamic culture in Britain is growing fast. Many of you will recall - and I think some of you took part in - the wonderful Festival of Islam which Her Majesty The Queen opened in 1976. Islam is all around us. And yet distrust, even fear, persist. In the post-Cold War world of the 1990s, the prospects for peace should be greater than at any time in this century. In the Middle East, the remarkable and encouraging events of recent weeks have created new hope for an end to an issue which has divided the world and been so dramatic a source of violence and hatred. But the dangers have not disappeared. In the Muslim world, we are seeing the unique way of life of the Marsh Arabs of Southern Iraq, thousands of years old, being systematically devastated and destroyed. I confess that for a whole year I have wanted to find a suitable opportunity to express my despair and outrage at the unspeakable horrors being perpetrated in Southern Iraq. To me, the expense and tragic irony of what has been happening to the Shia population of Iraq - especially in the ancient city and holy shrine of Karbala - is that after the Western allies took immense care to avoid bombing such holy places (and I remember begging General Schwarzkopf

5 troubling facts you might not know about King Charles

By Michael Youssef, Op-ed contributor | Tuesday, August 19, 2025

For over 500 years, every British monarch has inherited the title "Defender of the Faith," meaning defender of Christianity. But in 1994, Charles III, the Prince of Wales, declared that he wished to be called "[Defender of Faith](#)," meaning defender of *all* religions.

Significantly, the faith King Charles seems most eager to defend is *not* the Church of England, which he heads. As [commentator Tim Black](#) observed, "Charles, it is fair to say, is an unabashed Islamophile."

تقرير نتشر في جارديان وكريستيان بوست مدعم بأدلة ووثائق وهي حقائق لا نعرفها عن الملك شتارلز فكل ملك بريطاني يلقب بحامي الإيمان ولكن هو غير لقبه ليكون حامي أي إيمان والسبب هو التالي: أولا هو معجب بالإسلام بل ودرس اللغة العربية ليدرس القرآن بالعربي ورفض ان يدين أي إرهاب إسلامي بل يدافع عنه وهو يدين الثقافة الغربية المسيحية
